

Growth program

As part of the signing of a partnership agreement between HSMDE and the Bank of Société Générale Algeria, a training program has been specially designed for our students, titled «GROUTH.» This program, developed in collaboration with Injaz El Djazair, focuses on enhancing student employability. It

prepares them for the professional world through practical experiences with Société Générale Algeria, emphasizing three key stages: knowledge, skills, and careers.

PARTNERSHIP AGREEMENT

On Tuesday, February 11, 2025, a partnership agreement was signed between our school and ESC Business School. This agreement aims to strengthen cooperation and joint efforts between the two institutions in the fields of scientific research, pedagogy, and entrepreneurship, with the objective of creating a favorable environment for training, education, and skills development for students.

Academic mobility

As part of the international cooperation within the Erasmus+ program, our student Khadir Mohamed Elbachir A has been awarded a scholarship to study at the University Gabriele d'Annunzio in Chieti, Italy

TRAINING UNDER THE MINISTERIAL DECREE 1275

As part of the preparation for the startup diploma/certificate, five training sessions have been organized for incubated students participating in this program. These sessions covered several topics, including: the guide to innovative projects, a turnkey business plan, the business model, market research, and design thinking.

In the same context, congratulations to our school for successfully obtaining nine labels, with the project team Kaswilti achieving this distinction.

19TH EDITION OF THE ALGERIA JOB SUMMIT

HSMDE had the pleasure of participating in the 19th edition of the national fair dedicated to employment, continuing training, and entrepreneurship, which took place from February 8 to 10, 2025. This event was organized by ANVREDET in collaboration with the communication agency C3 at the Moufdi Zakaria Cultural Palace in Algiers.

Workshop

Students from our school benefited from training on "Job Search Techniques," organized by representatives of the National Employment Agency of Tipaza province. This training aimed to provide students with tools and strategies to improve their employability, including advice on CV writing, interview preparation, and job search optimization.

Doctoral Program Admission

On February 22, 2025, the Higher School of Management and Digital Economy organized, for the first time, a national contest for the access to the third-cycle doctoral program for the academic year 2024-2025. Admitted Students will pursue their doctoral studies in the following specializations:
